

Commissary Scavenger Hunt

Take a good look at the graphics by our commissary and attempt to answer these questions:

1. This essential nutrient needs to be provided fresh daily.

2. What is the purpose of animal enrichment?

3. If you were to create a food enrichment for an herbivore, what ingredients could you use?

4. What might zoo staff do to make the enrichment item you created more fun or challenging?

5. Who decides what the animals get to eat?

6. Can you find 6 different kinds of seafood that the zoo may stock?

7. What kind of food does the zoo have or use the most of (in term of weight)?

8. The zoo doesn't store regular biscuits. Can you name two that the zoo does have?
