

Endangered Species and Habitats

Search for the animals that match the description given. Once you find the animal, write its name on the line below the clue and check and check it off your list. When you are done answering all the clues, you win!

Name the largest land predator in Asia

Why might this animal be threatened by poaching?

Can you name the largest land predator in North America?

Name the four primate species found in the Rainforest Exhibit

Why do zoos think these primates may soon be very endangered?

Are there such things as endangered farm animals?

Name the largest hoofed mammal in North America

Why are zoos proud of their work with this animal?

Name the American wolf species that zoos are trying to save from extinction

For discussion: *If wildlife experts wanted to release a family group of an endangered species that are predators near your home because that is where these animals originally lived, how would you feel? Why? Can people and wildlife share the same habitat? Why might this animal be threatened by poaching? Can you name the largest land predator in North America?*
